Growth Groups Testimony

The Growth Groups ministry saved my life physically and spiritually. I was drowning in loneliness and lack of spiritual growth. GG Ministry allowed me to connect with people struggling just like me. In fact, I met my best friend through a growth group. My best friend has brought me so much joy and personal connection to my life that I so desperately needed! I find such joy participating in Growth Group as coordinator.

Praise From Pastor Johnson

It is impossible to quantify how impactful Growth Groups has been in the Seabrook Church. The countless life changing stories of those who have led or attended Growth Groups bear witness to the effect this ministry has had on our congregation. The discipleship value of this small group system is also evident in that many who would not normally volunteer for a position in the church do get involved in the leadership of Growth Groups after participating in a group.

Perhaps, one of the strongest indications of the fruitfulness of this ministry is its endurance. While most small groups programs disintegrate or remain stagnant, Growth Groups at Seabrook has thrived as a system of small groups for over 10 years and continue to be a vital part of church life and ministry. It is with a grateful heart that I celebrate, with our church family and friends, the many years of Growth Groups ministry at Seabrook.

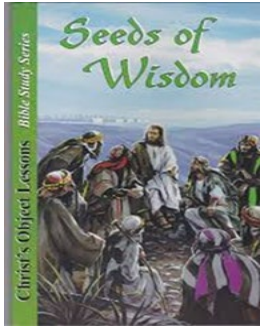

Pastor Damein Johnson
